Set-In Sleeve Charting Worksheet

Gauge: _____ sts per inch ■ Tension/Machine Used: _____ ■ Date: _____

_____ rows per inch ■ Yarn/Color/Dye Lot: _____ ■ Size: _____

Use this schematic along with my CD – *Designing 101 Using the Magic Formula*. This CD will teach you how to take your gauge and chart using the Magic Formula, Alter written patterns, plus how to change a Hand Knit Pattern to machine and charting using a store bought sweater. Hints also on swatches, blocking, using Computer Paint programs to color your sweater before knitting, etc... This CD can be used with any brand or gauge of machine, plus use it for hand knitting! This is a must for any knitting library.
